Thank you for making a difference...

Billy's Wish Foundation is a registered
501c3 national non-profit organization.

COMING SOON...

Currently in production is a resource book of answers to questions that kids often have when they have been diagnosed or know someone who has.

We have also begun research for a cookbook for kids with input from kids currently in treatment.

Visit BillysWish.org for more information about new resources and how you can help make a big difference in little lives.

Kids Helping Kids Fight Cancer

Making a Big Difference in Little Lives

IMAGINE...

Imagine you are 6 years old and a doctor has just told you that you have cancer. Or imagine you are a parent who has been told your child has cancer. You search all available resources, and realize that there is very little age-appropriate information for your child.

Billy's Wish is here to change that. Billy's Wish is a national organization offering resources and hope for children with cancer and their families.

During the past few years, leading Nashville business and music industry professionals and world class animators have given their talents to help develop a children's animated storybook, a music CD, an activity book and other age appropriate educational materials to help children, their friends and their families understand what is happening to their bodies; and how to stay positive through a very difficult ordeal.

DID YOU KNOW?

That one in every 330 children in the US alone will develop some form of cancer?

That cancer is the #1 cause of death due to disease in pre-adolescents?

That currently 70% of children with cancer survive the disease to live a normal life?

Children diagnosed with cancer, their friends and families, have few and limited programs available that provide information. Those programs that are available are not marketed on a national level or sponsored by an established organization.

With the talents of an amazing team behind the foundation, Billy's Wish will stand for pediatric cancer and will become the national resource children fighting cancer need.

THE INSPIRATION...

Billy Apenowich-just the name will bring a smile to the faces of many in the Bath, NY area. All who loved him knew he was a tender hearted child who loved his family and friends. Despite his courage and strength he lost his 3 year battle with cancer in 2003 at the age of 12, but not before he left the world with amazing wisdom, humor and inspiration.

CURRENTLY...

Billy's Wish has activity books and a music CD that are being distributed through companion organizations at a variety of Children's Hospitals. It is Billy's Wish that all children currently in treatment or newly diagnosed will receive, FREE OF CHARGE, materials to help them cope with this disease, and the information on how to help raise awareness for pediatric cancer.
